SUBJECT INDEX TO VOLUME 77

African Americans, mortality, 492, 735
AIDS, *see* HIV/AIDS
Antiretroviral therapy, and mortality rates, 255
Asthma
  child-centered training, 280
  childhood, 50, 280
  indoor air pollution, 50
  low-income populations, 50
  New York City rates, 137
  prevalence in children, 745
  quality of life, 268
Atlanta, affect of asthma on quality of life, 268

Behavior change, and HBV, 369

Chicago, needle exchange programs, 346
Children's health
  asthma, 50, 268, 280, 745
  diabetes, 280
  epilepsy, 280
  injury-producing events, 34, 26
  role of community characteristics, 34
Chronic illnesses
  and convalescence (classic paper), 258
  asthma, 268, 280
  epilepsy, 280

Diabetes, childhood, 280
Disabilities, and managed care, 603
Drug addiction, *see* substance abuse

Educational attainment, affect on HIV/AIDS knowledge, 415
Efficacy trials, HIV vaccine, 425
Environmental exposure, 7, 50, 68
Epilepsy, childhood, 280

Ethnic groups, differences in HIV/AIDS knowledge among, 415

Federal policy, access to health care (classic paper), 667

Harm reduction, HIV/AIDS, 346
HBV, 103
  risk reduction, 331
HCV, 103, 369
  risk reduction, 331
Health care access, federal policy (classic paper), 667
Health maintenance organizations, and Medicaid, 519, 560, 573
Health promotion, metropolitan areas, 443
Heart disease, prevention, 443
Hispanic Americans, HIV/AIDS knowledge among, 415
HIV/AIDS
  accommodation of needs, 222
  and injection drug use, 762
  and syringe access programs, 762
  antiretroviral therapy, 492
  as neurologic disease, 204
  attitudes and practices, 415
  autonomy for patients, 222
  chronic treatment, 187, 204
  dementia, ethics of care, 222
  demographic characteristics, 244
  disclosure, 480, 723
  domestic violence against women with, 480
  end-of-life care, 187
  ethics of care, 222
  HAART, 150, 166, 492
  hepatic failure, 166
  homelessness prevalence, 678

HIV/AIDS (*Cont.*)
hospice care, 176
improving services, 244
injection drug use, 103, 369, 438, 678
intervention, 383
knowledge of, 415
late stage, 166
long-term care, 187, 204, 213, 222, 232
long-term treatment, 150
maternal status, 723
mortality, 166, 255, 492
needle exchange programs, 103, 369
opportunistic infections, 166
palliative care, 150, 176, 187, 244
parents with, 723
patients' rights, 222
prevention, 103, 306, 346, 369, 396, 443, 762, 768, 781
protease inhibitors, 492
psychiatric comorbidity, 213
risk reduction, 331
sepsis, 166
service models, 244
skilled nursing facilities, 187
social support, 480
substance abuse, 369
vaccine trials, 425
women living with, 480
Homeless population, injection drug use and HIV/AIDS, 678
Housing, effect on human health, 7

Indoor air pollution
and asthma, 50
mold spores, 68
Injection drug use, 103, 306, 331, 346, 359, 438
and needle use, 113
gender differences, 396
heterosexual partners of users, 383
homelessness prevalence, 678
initiation of, 396
syringe access programs, 762, 768, 781

Juvenile delinquency, link to drug addiction (classic paper), 458

Language, effect on HIV/AIDS knowledge, 415

Low-income populations
and asthma, 50
and childhood injuries, 34

Managed care
and public health, 663
and safety net providers, 645
Best Clinical and Administrative Practices, 592
commercial plans, 560
cost and utilization, 603, 645
federal policy (classic paper), 667
interstate comparisons, 592
mandatory enrollment, 625
Medicaid, 519, 536, 573, 592, 603, 625, 645
outcomes, 603
quality assessment, 536, 560, 573, 592
selection effects, 625
Maryland, Medicaid and safety net providers, 645
Medicaid, *see* managed care
Medical schools, NIH research funding, 86
Methadone
prescribing rates, 96
treatment and health risk reduction, 331
Mold, and pulmonary hemorrhage, 68
Mortality
and HIV/AIDS, 255
maternal, 735
racial differences, 492, 735

Needle exchange programs, 103, 306, 346, 359
New York City
asthma, 137
drug addiction (classic paper), 458
HIV/AIDS mortality rates, 255
injection drug use, 359, 438
maternal mortality, 735
Medicaid, 573, 625, 663
methadone prescriptions, 96
syringe access program, 781
New York State
asthma prevalence, 745
commercial managed care plans, 560
HIV/AIDS demographics, 244
medical school research funding, 86
syringe access program, 762, 768

Palliative care, need for in HIV/AIDS, 244
Pediatrics, *see* children's health
Prevention
  childhood injuries, 34, 26
  heart disease, 443
  HIV/AIDS, 103, 346, 369, 396, 443, 762, 768, 781
  sexual diseases, 331
  substance abuse, 96, 443
  violence, 443
Psychiatric disorders, HIV/AIDS comorbidity, 213
Pulmonary hemorrhage, and molds, 68

Quality of life, health related, 268

Racial differences, mortality, 492, 735

Self-help, for chronic illnesses, 280
  Sexual risk, assessment, 383
Stachybotrys, 68
Study bias, 103
Substance abuse (*see also* injection drug use), 103, 458 (classic paper)
  needle use, 113
  patterns, 396
  prevention, 96, 443
  treatment and social cost, 688
Syringe access programs (*see also* needle exchange programs)
  and HIV/AIDS, 762
  pharmacists' attitudes, 768, 781

Training, childhood, for chronic illnesses, 280

Urban health, 443
  racial differences in mortality, 492

Vaccine preparedness study, HIV/AIDS, 425
Violence
  domestic, among women living with HIV/AIDS, 480
  prevention, 443

Women's health
  domestic violence, 480
  involvement in vaccine studies, 425
  living with HIV/AIDS, 480
  partners of injection drug users, 383

Youth, patterns of injection drug use, 346
